## Annual FHWA Raffle

All of the raffle Books have been posted out to members who have registered to receive raffle books. Sold books and funds have already started to come back with 280 returns processed last Tuesday morning.

Some members returning their books with a credit card slip have accidentally left the expiry date off the slip. Also, some members are returning books from last year's raffle and these will be put in the bin. So, please check you are sending back 2022 raffle books only and make sure if you are using a credit card that all the details are on the form.

Members sending in incorrect returns will get either a phone call or SMS from me asking for the expiry date or the correct book butts. We cannot process your return until we have the 2022 raffle books and expiry date for your credit card and if we don't get these by the close of the raffle in November you will miss out.
